

# Atvantus

CERTIFICATION BUSINESS SOLUTIONS

## Company Profile:

Atvantus is the only single source company that develops cutting-edge, performance-based examinations and provides integrated state-of-the-art, end-to-end testing and software solutions that support both traditional and advanced item types.

Our company is a joint venture that optimizes the vision, expertise and experience of three leading certification, testing and software organizations — The Caviart Group, Professional Testing and Zoomorphix Systems.
